

HAND CRAFTED BY AUSTRALIA'S MOST AWARDED LUXURY MOTOR YACHT BUILDER

Creating your
ultimate boating experience
is our passion.

RIVIERA EMBARKS ON AN EXCITING NEW ERA
WORLD PREMIERE - 2017

EDITION 17.1

RIVIERA

Our 14-hectare, state-of-the-art manufacturing facility on the Gold Coast of Queensland, Australia. This is the largest facility of its kind in the Southern Hemisphere.

Each year, this world-class facility plays host to the educational and fun-filled Riviera Festival of Boating and the enormous Gold Coast International Boat Show & Marine Expo.

THE REASSURANCE OF OWNING A RIVIERA

What sets Riviera apart as one of the world's great luxury motor yacht builders?

Is it the devotion to quality, standard of materials used, the ocean tested structural strength, unsurpassed ease of operation, or the stylish, handcrafted luxury finish? Or perhaps it's the famous culture of care that transforms owners into the 'Riviera family'.

The answer is all of the above, and more. Much, much more. Over 37 years and the building of over 5200 luxury motor yachts, the 500-strong Riviera team have been on a continuous quest of evolution and refinement.

This remarkable heritage of knowledge matched by innovation allows us to marry the best of the time proven with the exciting and new. Witness our introduction of cutting edge touch screen digital technology and joystick

maneuverability, which make navigating and operating a luxury motor yacht a relaxed and enjoyable experience.

Located on the Gold Coast, Queensland we build on the notable Australian qualities of strength, practicality and love of water in the continent completely surrounded by ocean and sea. Then we test our designs in some of the toughest offshore conditions on earth. Hardly surprising that Riviera luxury motor yachts command impressive resale values worldwide.

Today, you can choose from five individual designs that make up our fabulous collection of luxury motor yachts, the Riviera Flybridge, SUV, Sport Yacht or Sports Motor Yacht models, along with our more traditional Belize Collection. All will withstand virtually anything the elements and you can throw at them, with poise and ease.

Naturally, we back this confidence with an industry-leading 5-year limited structural warranty. In addition, with all our Volvo Penta powered yachts, we offer a 5-year limited warranty covering helm station controls and multi-function displays, steering and propellers, plus pod drives and engines.

In our experience life is too short for needless compromise. So when it comes time to invest in your next yacht, why settle for a lesser option when you can enjoy all that makes up a Riviera.

CRAFTED WITH PRIDE

The premium quality of our owner care at Riviera is directly commensurate with the quality of our built-to-last, world-class luxury motor yachts.

Your experience of dealing with Riviera – from the selection of options, electronics and décor all the way through to routine maintenance and repairs – will be undertaken with the utmost care.

Our highly skilled team consults with internationally acclaimed naval architects, designers and engineers.

Consultation with our global family of yacht owners also plays an important part in our new model development program.

This ensures Riviera continues to exceed the constantly evolving desires of luxury motor yacht aficionados worldwide.

The growing Riviera global network of dealers now spans the globe. Find your nearest dealer at RivieraAustralia.com

AWARDED FOR EXCELLENCE

Riviera's vast collection of local, national and international awards is testament to the pride and passion that goes into creating our premium range of luxury motor yachts.

These awards span world-best practices in the spheres of education and training, employment, innovative manufacturing techniques, quality of workmanship and pioneering design.

RIVIERA SPORTS MOTOR YACHT: LONG RANGE AND LUXURIOUS

Australia's favourite and most awarded luxury motor yacht builder Riviera is extremely proud of the high level of enthusiasm ahead of the World Premiere of the new, luxurious and long-range Sports Motor Yacht collection in 2017.

This refreshingly distinct style of yachting luxury has been developed in-house by the very talented Riviera design team after extensive consultation with members of the global family of Riviera owners who are seeking to cruise further afield and for extended periods. This process provides a unique insight and understanding of their aspirations for their dream yacht.

What we've heard is that our experienced luxury motor yacht owners are wanting to take their boating further afield with true long-range cruising, whilst still being able to fish effectively and enjoy myriad water sports pursuits, including diving, snorkelling and kayaking.

The Sports Motor Yacht collection – comprising two individual models: the 68 and 72 designs – will help luxury motor yacht owners fulfill these dreams, offering the exhilaration of supreme sports performance as well as ingenious interior flexibility with an array of luxury lifestyle features to enhance precious time aboard.

Whilst the specification varies considerably between the 68 and 72 models, the significant design difference is the additional space in the cockpit and mezzanine of the 72 Sports Motor Yacht.

The enthusiasm as we showcase her design confirms that this inspiring new design reflects the extensive 'wish lists' of many serious yacht owners.

STEPPING ABOARD

Stepping from the wide boarding platform through either of the transom gates, the spaciousness of the Sports Motor Yacht's expansive cockpit is immediately evident.

There is a considerable volume of cockpit storage with large lockers in the transom and deep fish bins in the floor, as well as a reinforced plate for an optional game chair. The coamings feature toe kicks for bracing, as well as optional heavy-duty stainless steel rod-holders.

Facing aft – and cleverly concealed under a moulded, gas strut-assisted lid – is a double barbecue with LED lights and a wet bar with a sink, tapware and an insulated cool box. There is also a hatch providing service access to the engine room as well as four removable tackle trays – in fact there's a place for everything you'll need for your extended voyaging.

68 Sports Motor Yacht - Hydraulic 550kg Davit standard

FEATURES, INCLUSIONS AND OPTIONS

Cockpit Overview - Preliminary

- Cockpit floor reinforced with alloy plate for future game chair or table fitting (2x)
- Cockpit hatches with heavyduty s/s lock downs and gas struts for lazarette storage and bilge access

- Live bait tank fitted to transom coaming with pick up / circulating pump, window and lighting
- Transom modification to include moulded rehouse transom to outboard port and starboard (not available with fishing platform)
- Fixed swim platform - GRP (including swim Standard ladder lid and grab rail)
- Fixed small fishing platform, 400mm (1' 3") with boarding ladder
- Fixed teak-laid swim platform includes swim ladder, lid and grab rail (standard size)
- Hydraulic lift for GRP swim platform or teak-laid option (up/down, 550kg (1212lbs) with fixed hob section, including reinforcement of transom

Please refer to your Riviera dealer for a detailed list of current inclusions and options for this model.

SAFELY FORWARD

Wide side decks with non-skid surfaces and thoughtfully placed handrails lead to the expansive foredeck of the Sports Motor Yacht. Here there's a davit with electric winch for the simple and secure storage of your tender whilst passage-making.

At anchor, this space is able to transform into an optional alfresco entertaining area featuring a U-shaped lounge area and central table. This is a very social and inviting space.

You and your guests can enjoy refreshments courtesy of the insulated cool boxes to port and starboard, and there is a premium stereo with four speakers and interface for your smartphone – it's a real entertainment zone.

Forward, there is a deep well for safety whilst accessing the array of anchoring equipment which includes a stainless steel Ultra anchor, and there are storage lockers to port and starboard for fenders and ropes.

68 Sports Motor Yacht - Forward deck seating option

FEATURES, INCLUSIONS AND OPTIONS

Deck Overview – Preliminary

- Anchor chain built in seawater wash system, remote to FB main helm
- Anchor chain chafe plate fitted to bow sprit
- Anchor lockers on foredeck, starboard side hatch access anchor chain and storage, port side hatch storage bin
- Anchor s/s 80kg (132lbs) anchor (Ultra), 100m (328ft) of 13mm (1/2") galvanised chain, Ultra swivel and cruise safety strap, safety harness securing eye bolt to foredeck
- Anchor winch vertical with overload protection, suits rope and chain, up and down hand held remote and remote control incorporating chain counter to helm at FB, manual handbrake
- 316 marine grade bow rail welded stainless steel with mid safety wire including flag staff and burgee
- Stainless steel bow roller self-loading through bowsprit, heavy duty stainless steel cleats, 13" (8x), hawse holes (2x) and pop-up fender cleats (2x), fairleads at bow (2x)
- Davit ADC 550kg low profile boom, hydraulic luffing, slewing, electric winch
- Foredeck plug (for use with a tender battery charger)
- Foredeck storage lockers port and starboard side including fender locker
- Wash down high pressure water cleaner with outlets at foredeck and cockpit (fresh water) includes non-marking hose and spray wand
- Wash down outlet to cockpit and foredeck (fresh water) with quick disconnect
- Wash down outlet to cockpit and foredeck (sea water) with quick disconnect
- Teak-laid anchor hatches and footwell at bow
- Forward-facing fold out 2 seater lounge with including cover
- Lounge upgrade, additional two inboard facing lounges with cover and ice box including removable teak table with table cover and drink holders
- Canvas umbrella to lounging area with removable stainless steel 3.3metre (10'8")
- Sun shade to cover lounging area on sail track to flybridge, extends to stainless steel removable poles (4x) attached to bowrail with an adjustable pole
- Foredeck Fusion black box stereo 12V AM/FM/USB/AUX/iPod/iPhone/MTP/Bluetooth, 4 speakers.
- GRP non-skid Side decks and forward deck

Please refer to your Riviera dealer for a detailed list of current inclusions and options for this model.

MEZZANINE DELIGHTS

The teak-laid mezzanine level, at the very heart of this entertaining hub, is accessed via steps on both sides of the cockpit.

Here you will discover a large forward-facing central lounge with storage underneath, as well as two folding teak tables and space for additional occasional chairs.

To port, there is a large TV that folds down for viewing, as well as a door leading below to the day head and the utility space/ storage area – which can optionally serve as an air-conditioned crew cabin – with direct access to the engine room through a watertight door.

Forward is a central breakfast bar area with large awning window that opens to the galley. The bar features two swing-out stools as well as an icemaker and storage.

A great deal of thought has been focused on the connectivity of the mezzanine and entertainment area to the luxurious interior – it all just flows together as one space.

68 Sports Motor Yacht - Forward deck seating option

FEATURES, INCLUSIONS AND OPTIONS

Mezzanine Overview – Preliminary

- Aft lounge with storage under, moulded GRP, concealed lighting, folding teak varnished table, (5x) folding captains chairs
 - Bar area outside hopper window, ice maker, drawer storage, swing in style bar stools (2x), solid surface benchtop (Benchtop colour to match galley selection, stool colour to compliment exterior lounge selection)
 - Feature one way glass paneling to quarter panels
 - Portside folding down TV from overhead
 - Built-in rear saloon hinge out doors and opening up window frame in polished stainless steel, (tinted, tempered glass)
 - Alfresco mezzanine teak laid in steps from cockpit
 - Concealed lighting feature overhead
- Cockpit Mezzanine fold down 32" LED TV, 2x speakers, 2nd zone from saloon Yamaha

Please refer to your Riviera dealer for a detailed list of current inclusions and options for this model.

STEPPING INSIDE

Upon opening the toughened glass door – set in a ship-like stainless steel frame – and stepping inside, you'll note that the well-appointed gourmet galley features premium appliances that are integrated into the handcrafted, stone-finish bench top, varnished walnut cabinetry and joinery. These include Miele combination oven and microwave with grill, induction cooktop with potholders and rangehood, dishwasher, four refrigeration and two freezer drawers. There's a large garbage bin for dry rubbish.

The large awning window opens out to the mezzanine from the central gourmet galley to position the galley right in the heart of the social and entertainment hub.

68 Sports Motor Yacht

FEATURES, INCLUSIONS AND OPTIONS

Galley Overview – Preliminary

- Aft galley arrangement
- Appliances integrated into joinery
- Built in overhead storage lockers with positive locking hardware
- Premium combination oven/microwave with integrated grill
- Premium dishwasher
- Premium grade flooring, vinyl
- Premium 4-element induction cooktop
- Large garbage bin pull out storage with access from utility stairwell with bin shute from galley
- Large pull out pantry drawers to forward face of galley with commercial grade runners
- Lighting, overhead (LED)
- Pot holder over cooktop s/s removable
- Premium brand rangehood
- Refrigeration, (1x) two drawer fridge unit and (2x) two drawer fridge/freezer units under bench (DC)
- Solid surface benchtop with stainless steel sink by 1¼ and cover (2x), including garbage bin
- Storage cabinets and drawers under and above bench
- Water filter fitted inline to cold water tap
- Zip integrated system with outlet for hot/cold/soda and boiling water at galley faucet
- Galleyware Package includes 40pce cutlery set, 40pce dinner set, (10x) napkins, (3x) kitchen towels, tumblers (12x) medium and (12x) large, (12x) goblets, (12x) champagne flutes, salad bowl and salad servers

Please refer to your Riviera dealer for a detailed list of current inclusions and options for this model.

STYLISH SALOON

You will appreciate a refreshing sense of light and space in the saloon living space as you admire the views through the large forward windscreen or side windows that slide open to welcome in fresh air.

To port there's a pantograph door that opens for quick and easy access to the port side deck, and forward there's a premium standalone lounge and ottoman. To starboard is an L-shaped dinette with storage underneath, as well as a large table that folds at both ends on fixed pedestals, enabling it to slide forward and aft.

68 Sports Motor Yacht

FEATURES, INCLUSIONS AND OPTIONS

Saloon Overview - Preliminary

- Reverse cycle air-conditioning 48,000BTU (2x) 18,000 BTU and (2x) 6,000 BTU
- Carpet with underlay (forward section)
- Dinette table, folding both ends, (2x) fixed pedestals, sliding manually forward and aft
- L-shaped dinette in premium leather with storage under
- Electric roller blind to saloon / galley (port & stbd)
- Feature upper pelmets with lighting
- Handrail, stainless steel, recessed into headliner
- Head lining, vinyl with padding
- Overhead LED lighting
- Premium design lounge to portside
- Carry in style with storage under
- Ottoman and coffee table reversible, with magazine storage
- Pantograph side opening door to port for quick and easy access to side deck
- Removable black breezeway cover outside
- Side windows opening tempered, tinted glass, (single sliding window)
- Staircase to flybridge, varnished Walnut treads (nonslip top surface)
- Curved, tempered glass windscreen with tint and 3M heat film inside
- Saloon 50" LED TV, home theatre system and Blu-ray player including amp and sub woofer, 5 concealed speakers in saloon and 2 speakers to cockpit (powered from inverter)
- Electric blinds (3x) forward

Companionway Overview - Preliminary

- Flooring, companionway landing in premium grade vinyl
- Handrail to companionway stairs
- Hatch in companionway floor to forward pump area, ladder down, extra storage
- Large storage cabinet/wine cooler under stairs at entry to master cabin
- Courtesy LED lighting
- Linen cupboard with drawers at bottom

Please refer to your Riviera dealer for a detailed list of current inclusions and options for this model.

COMPLETE COMFORT

Riviera's Sports Motor Yacht design boasts fully flexible accommodation plans with your choice of three or four staterooms, including a full-beam master stateroom.

There are also options for a teenager's retreat, crew quarters or dedicated sporting equipment stowage, depending on specific owner requirements.

The luxurious master stateroom, aft, extends the full beam, with a king-sized island bed amidships, complemented by a premium feature bedhead and handcrafted bedside tables with leather inlays.

The ambience of the master stateroom is accentuated by the natural light introduced through the large hull windows on either side of the stateroom, while fresh air is welcomed via an opening porthole that is alarmed to the ignition in the event it is left open.

FEATURES, INCLUSIONS AND OPTIONS

Master Stateroom Overview - Preliminary

- Feature bedhead
 - Access to private ensuite
 - Reverse cycle air-conditioning 18,000 BTU and 6,000 BTU split to ensuite
 - Bed side tables (2x) with storage
 - Carpet with underlay
 - Feature LED lighting
 - Cedar-lined hanging locker with auto LED lighting (2x), shoe shelf, full length hanging and shelf
 - Port light fixed bonded glass recessed into hull side (2x), with manual roller blinds
 - Port side drawer unit with writing bureau featuring timber top with leatherette inlay and concealed mirror lined makeup/case storage, also includes power point with USB outlet for laptop, includes dinette style seating and book storage.
 - Portholes (2x) opening round to master cabin head (1x), master cabin (1x) with alarm to helm, s/s and flyscreen
 - LED courtesy lighting overhead and for reading
 - Safe for valuables fitted to starboard hanging locker under shelf
 - Storage area with drawers under king size island berth, including gas assisted lift for the bed to bulk storage
- Master stateroom 40" LED TV, Blu-ray player and home theatre system including 5 speakers and sub woofer

Master Ensuite Overview - Preliminary

- Reverse cycle air-conditioning (split from staterooms)
- Solid surface flooring through heads and shower stall
- LED lighting, overhead and vanity
- Master head with holding tank level indicator and exhaust fan
- Master toilet to incorporate bidet
- Mirror
- Opening portholes with alarm to helm (3x) from heads
- Private entrance door
- Shower stall with glass partition, frameless glass door, automatic sump pump, rain shower head and separate hand-held shower head
- Single length towel rail (2x) DC heated towel rails
- Solid surface benchtops with underslung built in basins
- Storage under and above benchtops
- Soap dispenser to vanity basins, toilet roll holder and accessories
- Vanity cabinet and mirror above sinks

INDULGE IN PURE LUXURY

There's even a safe for your valuables in one of two cedar-lined hanging lockers, which feature shoe shelves and full-length hanging space.

In the presidential design, the Sports Motor Yacht's master ensuite, on the starboard side, is located forward, creating an even larger master stateroom with a writing bureau with a timber top, leatherette inlay and concealed make-up storage, power point, USB outlet, dinette-style seat and book storage.

FEATURES, INCLUSIONS AND OPTIONS

Utility/Crew Cabin Overview - Preliminary

- Access to engine room via utility room watertight entry door
- Additional access to engineering components under stairwell
- Reverse cycle air-conditioning 10,000 BTU
- Courtesy LED lighting to stairwell treads
- Entranceway to utility room/crew head lined with water resistance laminate panelling and gelcoat finish with storage cabinets and access to galley bin and main switch panels
- Exhaust fan in day head
- LED lighting overhead and vanity
- Mirror
- Opening porthole (1x) with alarm to starboard side utility room
- Premium grade vinyl flooring to companionway and stairwell with solid surface flooring to head
- Private entrance door
- Rubber matting to floor in utility storage area
- Single length towel rail in day head
- Solid surface benhtops with underslung built in basin
- Storage under day head benchtop
- Toilet roll holder and accessories
- Washer/dryer cabinet
- Wet crew head showerstall with curtain, automatic shower sump pump, shower head
- Utility Room layout standard Standard
- Convert utility room to crew cabin single bunk with quality foam mattress, storage locker, fitted sheet set, bedspread, pillow cover and porthole
- Convert utility room to crew cabin double bunk with quality foam mattresses, storage locker, fitted sheet sets, bedspreads, pillow covers and porthole

68 Sports Motor Yacht - Presidential layout

Please refer to your Riviera dealer for a detailed list of current inclusions and options for this model.

ACCOMMODATING STATEROOMS

The VIP guest stateroom – which has its own private ensuite – has fixed hull windows in tinted and tempered glass as well as a queen-sized walk-around bed with innerspring mattress, with handcrafted cabinetry throughout.

The portside stateroom – which with two-way entry has a bathroom that serves as an ensuite and the day head – has side-by-side single beds which, with the push of a button, will slide together to form a double bed. There is additional storage underneath the berths, as well as a hull window for natural light.

The starboard guest cabin – if the classic layout is selected – has adult-sized Pullman-style beds with quality mattresses as well as an opening porthole for fresh air.

All bathrooms on the accommodation deck are of a contemporary design with vanity cabinets and mirrors, solid surface bench tops, under-slung basins, opening portholes, large shower with frameless glass doors, soap dispensers, towel rails and, in the master, a bidet.

FEATURES, INCLUSIONS AND OPTIONS

Forward VIP Guest Stateroom Overview – Preliminary

- Access to private ensuite
- Reverse cycle air-conditioning 16,000 BTU split to ensuite
- Carpet with underlay
- Feature bedhead
- Fixed hull windows fitted port and starboard in tinted tempered glass including roller blinds matching saloon selection
- Cedar-lined hanging locker to starboard with auto LED lighting and shelving and cedar-lined storage locker to port
- Hatch with OceanAir flyscreen and block out blind
- Private entrance door
- Queen walk around berth with innerspring mattress, lifts up with gas struts for storage space and drawers underneath
- LED courtesy lighting overhead and for reading
- Storage cabinets outboard with positive locking hardware
- Forward cabin 32" LED TV and 12V AM/FM/CD/DVD/BT player with iPod interface and 2 speakers (TV powered off inverter)

Forward VIP Guest Ensuite Overview – Preliminary

- Reverse cycle air-conditioning (split from staterooms)
- Solid surface flooring through heads and shower stall
- LED lighting, overhead and vanity
- Master head with holding tank level indicator and exhaust fan
- Master toilet to incorporate bidet
- Mirror
- Opening portholes with alarm to helm (3x) from heads
- Private entrance door
- Shower stall with glass partition, frameless glass door, automatic sump pump, rain shower head and separate hand-held shower head
- Single length towel rail (2x) DC heated towel rails
- Solid surface benchtops with underslung built in basins
- Storage under and above benchtops
- Soap dispenser to vanity basins, toilet roll holder and accessories
- Vanity cabinet and mirror above sinks

FEATURES, INCLUSIONS AND OPTIONS

- Wipers (3x), self park, fresh water washdown
- Searchlight on hardtop, remote control at helm
- Luxury leather bound steering wheel
- VHF radio with hailer and remote to aft helm position including 17.6' aerial

Electronics

- A comprehensive range of factory-fitted electronic packages and custom features are available with everything from radar to underwater lights. Your dealer has full details.

Please refer to your Riviera dealer for a detailed list of current inclusions and options for this model.

ELECTRICAL EXCELLENCE

All batteries onboard the Sports Motor Yacht are maintenance-free to ensure carefree boating and are housed in special battery boxes in accordance with American Boating and Yacht Council (ABYC) and the European Union's CE industry standards.

The house power is 24-volt, which allows for simpler charging, lower current draw and smaller cables (further reduced weight) than equivalent 12-volt systems. The Mastervolt inverter provides power to the icemaker, entertainment systems and all outlets onboard.

LED lighting is utilised throughout and provides trouble-free boating while reducing electrical current draw. The lamps use less than 10 per cent of the power required to run a halogen lamp – no bulbs mean no maintenance and long service life. Additionally, Residual Current Device/Ground Fault Circuit Interrupter (RCD/GFCI) provides protection over the entire yacht and also complies with ABYC and CE standards.

FEATURES, INCLUSIONS AND OPTIONS

Electrical Overview – Preliminary

- Alternators (4x) independent start banks (2x) and independent house bank and auxiliary bank
- Maintenance free, lithium ion batteries, independent 24V port and starboard start (total 4x), house (24V/5000W (3x)) batteries, auxiliary 24V 2x, and 12V (12V/120Ahr 1x)
- Battery banks individually isolated
- Battery chargers automatic, 30Amp/24VDC for start and auxiliary, 100A/24VDC for house and 25A 24/12V DC/DC converter for 12V FB battery charge
- Battery paralleling system for emergency engine starting
- Bonding system, to all metallic hull fittings under the water line with zinc anode including galvanic isolator
- CZone - Configuration for iPad connectivity. Includes programming and WiFi interface includes iPad and iPad dock in master cabin
- Digital DC and AC circuit control and protection incorporating 'intelligent' operation with user programmable usage modes, timer circuits, light dimming and circuit bypass
- Digital monitoring system including AC and DC power metering, fluid tank level monitoring and DC circuit status via colour LCD touchscreen displays, mounted at helm, Saloon and iPad dock to master stateroom
- Engine monitoring including instrumentation, alarms and hour meters
- Generator Onan EQD 27.5kw/50Hz (29kw/60Hz) with muffler, water separation system, fresh watercooling including sound shield, remote stop / start electronic, hour meter
- Generator backup Onan 13.5kw/50Hz (17kw/60Hz) including changeover - can run optional gyro, selected air-conditioning, entertainment, ice maker, battery charger (night time) 24V system to start.
- Inverter 5kw for AC supply to A/V systems, icemaker, lights, winecooler, F/Water pump and AC outlets
- LED lighting throughout boat where applicable
- Light switches with blue backlighting.
- Navigation lights LED (international standard)
- Underwater lights, Aqualuma Gen 4 series 12 (5x) fitted to transom (blue)
- Wiring coded, numbered and assembled in looms where possible

Please refer to your Riviera dealer for a detailed list of current inclusions and options for this model.

ENGINEERING EXCELLENCE

Each model features a full stand-up engine room, while the strong and superior strength hull has been developed by the Riviera design team in collaboration with Frank Mulder Design in the Netherlands – three-time naval architects of the 'Fastest Yacht in the World'.

We have also tank-tested the hull at the Wolfson Unit for Marine Technology and Industrial Aerodynamics at the University of Southampton, England to ensure we have maximised hull efficiency and performance.

FEATURES, INCLUSIONS AND OPTIONS

Engineering Overview – Preliminary

- Acoustic and thermal insulation to engine room
- All through hull fittings on or below the water line fitted with ball valves, all hoses double clamped
- Bilge pumps automatic and manual override (8x) including emergency pumps mounted higher (2x)
- Bow thruster with emergency bilge pump, controls to helm, EJS system, hydraulic bow thruster, connected to Twin Disc Quickshift gearboxes including 2 joysticks (1x) forward helm, port side rear flybridge (1x)
- Emergency rudder locking pins
- Engine deck hatch (above) insulated & removable in case of major engine work
- Engine mounts - anti vibration
- Engine room, lazarette, fwd. bilge, lighting DC / LED
- External & internal seawater strainers for main water intakes engines, generator (2x) and air conditioning
- Fibreglass aqualift exhaust system for generator with water separator (2x)

Engineering Overview – Preliminary continued

- Fibreglass exhaust system for engines with underwater outlet and bypass above waterline with inline muffler
- Fire suppression system for engine room with auto/manual controls
- Fresh water heater (AC) 100litres (26Gal.)
- Fresh water pump AC, secondary backup pump (switched independently) DC
- Fresh water system (pressurised) capacity 1,000 litres (264 US gallons)* approx. with gauge in CZone
- Fresh water tap and hose set in engine room
- Fuel filters water separator for engines and generator (dual to main engines)
- Fuel lines all swaged
- Fuel shut-off valves
- Fuel tank gauge to CZone
- 68 model fuel tanks, GRP coated in fire retardant white flowcoat. (2x) wing tanks, each approx. 3,500L, total 7,000L (1,849 US gal.) 1.5" balance line with manual valve control for balancing when filling.
- 72 model fuel tanks, GRP coated in fire retardant white flowcoat. (2x) wing tanks, each approx. 3,500L, total 7,000L (1,849 US gal.) 1.5" balance line with manual valve control for balancing when filling. 1x aft tank 2,000L (528gal.) total 9,000L (2,378 US gal.) with transfer pump
- High pressure water cleaner plumbed to outlets at flybridge, bow and cockpit (supplied with 1 x 10metre (32'8") hose and spray wand)
- Holding tank (GRP)capacity 600Litres (158Gallons)
- Lazarette naturally ventilated
- Non slip rubber matting fitted between engines
- Oil change system main engines, gearboxes and generator (2x)
- Polished stainless overhead grab rails to engine room propellers (2x), nibral five blade, CNC processed, dynamically balanced
- Sanitation system with switch at helm for overboard pump out and deck fitting for dockside pump out
- Shafts AQUAMET 22 (2x) Sea Torque oil filled shafts, struts, glands connect to Twin Disc remote mounted Quickshift gearboxes, inc. EJS joystick system, hydraulic bow thruster
- Stainless steel safety rails inbd of each engine
- Steering Hydraulic with electronic steering helm
- Trim Tabs, electric interceptor, with position indicators integrated into controls at helm (auto trim system)
- Venting dorade system for engine air intakes with mist eliminators and fans (CAT A CE)
- Walk in engine room from crew / utility room - second access from cockpit for mechanics, oils and tools
- Water filter (charcoal) to galley tap and icemaker (fitted inline)

Please refer to your Riviera dealer for a detailed list of current inclusions and options for this model.

THE RIVIERA WARRANTY

Limited Express Warranty

Riviera Australia Pty Ltd. A.C.N. 139 663 906 (Riviera) makes this Limited Express Warranty (Warranty) to the original retail purchaser of a vessel manufactured by Riviera, provided the vessel is purchased from an authorised Riviera dealer and said first retail purchaser registers this Warranty with Riviera within 30 days of the purchase. This Warranty is the only warranty provided by Riviera, express or implied, with respect to any vessel manufactured by Riviera.

Five Year Limited Structural Warranty:

Riviera warrants to the first retail purchaser that for five (5) years after the date of delivery to the first retail purchaser, and for the period before it is delivered to the first retail purchaser, that the hull, deck, flybridge and hardtop shall be free from structural defects due to material or workmanship, under normal non-commercial use, that result in any delamination or separation of the stringers or composite structure.

A structural defect includes the following:

- structural failure of the fibreglass hull, deck, flybridge and hardtop
- structural failure of any parts glassed onto the above components, or
- structural failure of the joints between any of the above components.

The structural warranty does not apply to the following:

- A water leak through the joints between the hull, deck, flybridge and hardtop
- Fibreglass small parts failures
- Parts that are not manufactured by Riviera;
- Interior failures, window or hatch failures
- Damage resulting from misuse, abuse, negligence, improper docking, alteration, vandalism, accident or lack of performance of normal maintenance
- Any charges incurred by any vessel returned to the factory, dealer or authorised agent for inspection prior to authorisation of warranty repairs
- The cost of removal or reinstatement of a part, or disassembly or reassembly of the unit of which it is a component
- Heat and/or sun damage to the hull and/or gelcoat on hulls that are painted a dark colour
- Owners other than the first retail purchaser, or in relation to the hull only, subsequent owners to whom the structural warranty of the Hull has been validly transferred in accordance with this Warranty
- Any vessels sold to the first retail purchaser by anyone other than a Riviera dealer listed on <http://riviera.com.au> on the date of the purchase (Authorised Riviera Dealer), or
- Any item which Riviera has not been notified of within thirty (30) days of the issue becoming apparent.

The above list is not intended to be exhaustive and Riviera may, at its absolute discretion, elect to refuse any warranty claim whatsoever.

Vessels that go into a syndication or shared ownership program are entitled to the standard five-year structural warranty, subject to fair wear and tear on the vessel.

Transfer of Structural Warranty

In reference to the structural warranty of the hull ONLY, Riviera may agree in its sole and absolute discretion, to transfer the hull warranty to a subsequent owner of a vessel, who purchases the vessel from an Authorised Riviera Dealer, upon application and payment of a \$1000 Australian dollar transfer fee. Such transfer will only be effective upon confirmation in writing from Riviera. Where Riviera does approve the transfer of the remaining term of the hull warranty to a subsequent owner in writing, then such hull warranty will be transferred for a period of not more than a total period of five (5) years from the date an Authorised Riviera Dealer first delivered the vessel to the first retail purchaser.

One Year Limited Non-Structural Warranty

Riviera warrants that for one (1) year after the date of delivery to the first retail purchaser, and for the period before it is delivered to the first retail purchaser, all vessel components manufactured by Riviera shall be free from defects due to material or workmanship under normal non-commercial use. On components not manufactured by Riviera, Riviera shall assign to the first retail purchaser the warranties extended by those manufacturers as allowed.

The non-structural warranty does not apply to the following:

- Parts that are not manufactured by Riviera
- Any charges incurred by any vessel returned to the factory, dealer or authorised agent for inspection prior to authorisation of warranty repairs
- The cost of removal or reinstatement of a part, or disassembly or reassembly of the unit of which it is a component
- Heat and/or sun damage to the hull and/or gelcoat on hulls that are painted a dark colour
- The installation of any equipment by a dealer or other installer
- Any installation of products not to Riviera's recommended specifications, because of the possibility that the use of these Products will exceed Riviera or government specification for overpowering, steering, handling, speed and safety
- Owners other than the first retail purchaser
- Any vessels sold to the first retail purchaser by anyone other than an Authorised Riviera Dealer
- Any item which Riviera has not been notified of within thirty (30) days of the issue becoming apparent.

The non-structural warranty for vessels that go into a syndication or shared ownership program expires after the earlier of two-hundred and fifty (250) hours of use or six (6) months from the date of delivery to the syndication or shared ownership program, whichever occurs first.

ELECTRONICS AND SYSTEMS

Electronics play an ever-increasing role in maximising the pleasure and safety of luxury motor yachts, and the choice of equipment that is available today is vast.

Selecting the equipment that meets your needs can be a very challenging task – and Riviera's electronics experts are here to assist.

We source the best systems from around the world, we help match technology to individual requirements and work closely with Riviera's international dealer network to create systems that maximise your boating pleasure.

RIVIERA GENUINE PARTS AND ACCESSORIES

Our passion for quality and practical design is reflected in our exclusive and growing range of clothing, accessories and décor items created to enhance your time afloat.

If you love your Riviera, you'll feel right at home with the Riviera Collection – an extensive range of casual, stylish, comfortable, practical equipment, clothing and accessories.

The Accessory and Décor collection ranges from storm jackets to stylish crockery.

To make your Riviera truly your own, we offer a wide chance of fabrics, finishes and colour schemes that enable you to customise your yacht.

Of course our experienced design team is always available to advise and assist you with your individual selection.

RivieraParts.com.au

THE RIVIERA EXPERIENCE

There's nothing quite like the exhilaration of blue-water cruising in company to remind our valued owners why they are so passionate about the rich and rewarding Riviera luxury life afloat.

For these are the types of passages that build the confidence and skills for people to use their yachts to their full potential, that create the very special memories that last a lifetime, and, importantly, are often the catalyst for long-lasting friendships.

Together, members of our growing global family of Riviera and Belize owners enjoy many special cruising experiences to idyllic destinations around the world – safe in the knowledge that experienced skippers and engineers are always close at hand.

Our global cruising events calendar takes in all states of Australia, New Zealand, the east and west coasts of the United States, the Bahamas, Asia, Europe and the Middle East.

We invite you to join with us for these special experiences – either to stretch your sea legs and gain offshore cruising confidence, or to simply enjoy the company of like-minded people who share an appreciation for the truly unique Riviera life.

*Specifications may vary on a regional basis.

RIVIERA SPECIFICATION CLARIFICATION

* Length of the hull (Lh) to ISO8666: Includes all structural and integral parts (ie. the moulded length of the hull. It excludes parts that can be removed in a non-destructive manner without affecting the structural integrity of the craft, (eg. pulpits, outdrives, driving platforms, rubbing strakes).

** Dry weight represents the estimated minimum weight of a yacht with standard engines and options, no fuel or water on board, no equipment or provisions and no personnel. The stated dry weight may be exceeded.

*** Denotes net tank capacity. For useable capacity do not rely on more than 90% of tank capacity. Actual capacity will vary according to yacht trim and sea state. Speeds are subject to normal weather conditions, fuel and/or water levels, passengers and equipment loads.

Please refer to your Riviera Owner's Manual and your Dealer for height to hardtop and maximum height details.

The specifications in this document are not complete or definitive and therefore may not be current. Riviera will not be liable (in contract or otherwise) for any loss resulting from the inaccuracy or currency of any information contained in this document. Specifications may vary with time and by region. Some images in this brochure may include non-standard or after-market options. Please refer to your Riviera dealer for a detailed list of current inclusions and options for this model.
