**ALL QUESTIONS  
WILL BE  
ANSWERED  
BEYOND THE  
NO WAKE ZONE.**

WE CAME READY. ONE DREDGE, TWO SHORT RIGGER TEASERS, THREE BRIDGE TEASERS, AND TWO LONG RIGGERS WITH HOOKS. WHEN YOU DO GET YOUR SHOT, YOU BETTER GIVE YOURSELF THE BEST OPPORTUNITY TO SUCCEED.

# **BECOME THE APEX PREDATOR.**

## **LET'S CUT TO THE CHASE. LITERALLY.**

*Accomplished anglers know that “getting there” is at the heart of the offshore adventure. That’s what makes the lineup of Hatteras sportfish convertibles stand apart. The legendary Hatteras performance instills a confidence that the open-water experience will always be a good one. Week in. Week out. Whether the mission is prize money or pride. These convertibles are engineered to thrive at 40+ knot speeds in not just glassy conditions, but also in the kind of serious chop that makes other boats reluctant to venture out at all.*

*Our confidence comes from our own on-the-water experience. For nearly 60 years, Hatteras engineering teams have been advancing the perfect formula of weight, speed and hull design. Captains and crews feel the difference every time a Hatteras leaves the harbor. It’s the kind of difference that transcends the freedom to pursue a personal-best catch. It means charting your own course — with the ability to take higher seas at higher speeds. And that kind of confidence is worth its weight in billfish.*

HATTERAS SHARES YOUR PASSION. WHEN YOU BRING YOUR MOST-TRUSTED BIG-GAME TACTICS OUT TO THE SPREAD, YOU EXPECT EVERY INCH OF YOUR BOAT (ABOVE AND BELOW THE WATERLINE) TO BE AS DIALED IN AS YOU ARE.

**TRUTH AND  
TECHNIQUE  
ALWAYS  
COME

GAMBLERS  
LEAVE LITTLE  
TO CHANCE.**

# GT63

CAROLINA STYLE & TOURNAMENT-TESTED SUBSTANCE.

THE TWIN CAT C-32A ENGINES PURRED TO LIFE AS WE RAISED TWO MARLIN ON THE BRIDGE TEASER. SOON, BOTH WERE PUTTING ON A SHOW, GREYHOUNDING AND SOUNDING BEFORE WE FINALLY MOVED IN WITH THE PITCH BAIT.

We've all witnessed it: boats tentatively moving through the mouth of a harbor toward teeth-rattling seas. But one boat, the GT63, marches onward. To the sailfish hot spots off the coast of Mexico. To the big blues in the Bahamas. Or to the migration routes of white marlin along the Carolinas. The GT63 outshines all other boats in its class, without pause, because of the signature Hatteras blend of forward-thinking craftsmanship and a reliable seakeeping build. The result? The ride at 40+ knots is akin to a pleasure cruise.

Fit, finish and fishability are unmatched and felt whether the anchors are in or out. The GT63 is tailored with precisely-placed stowage for tackle and rods, refrigerated fish boxes, optional recirculating livewell, and tournament-style features from helm to cockpit. It just gets better at the end of the day when your crew can kick back in the uniquely spacious salon/galley or across from the four comfortable staterooms.

Holding Capacity	150 gal.	568 ltr.
Diesel Generator (2)		21.5 kW
Weight Displacement	102,000 lbs.	46.266 kilos
Waterline Length	56'5"	17.20 m

ENGINE OPTIONS

Twin CAT C-32A Diesel Engines	1,800 BHP	1,825 MHP
Twin CAT C-32A Diesel Engines	1,900 BHP	1,926 MHP
Twin MTU 16V-2000 Diesel Engines	1,920 BHP	1,947 MHP

## **STANDARD EQUIPMENT**

### **PROPULSION**

- Twin Caterpillar® C-32A 1,600 BHP Diesel Engines

### **EXTERIOR FINISH & CONSTRUCTION**

- Hull and superstructure painted with a premium linear polyester/polyurethane coating for improved cosmetics and increased durability
- Isophthalic/NPG gel coat, exterior layer
- Polymer/copper based anti-fouling bottom paint
- Boot stripe, linear polyester/urethane coating
- Decks, non-skid surface, polyurethane paint with polymeric beads
- Resin-infused solid fiberglass hull bottom and composite hull sides with premium vinyl ester resin and blister resistant gel coat below the waterline
- Molded fiberglass longitudinal stringers with steel engine beds
- Resin-infused bulkheads and interior decks using crosslinked foam core

### **HARDWARE & MISCELLANEOUS**

- Hand-crafted high-gloss finish teak interior
- All interior hardware in chrome
- Anchor, 25' chain, 300' anchor line
- Four polished stainless-steel spring cleats with chafing strips, through bolted in aluminum backing plate
- Two polished stainless-steel bow cleats and chocks and chafing strips, stern cleats and hawse pipes, through bolted in aluminum backing plate
- Polished, anodized aluminum bow, flybridge rail and bridge ladder
- Dual air horn
- Zincs on rudders and shafts
- Alloy 22 high-strength propeller shafts tapered with round keys for reduced stress concentrations at propeller and coupling ends
- Manganese bronze dripless rudder seals
- Dripless shaft seals with spare seals
- Trim tabs
- Manganese bronze struts
- Stainless steel rudders
- Nibral high-performance propellers
- Reboarding steps to cockpit
- Deck plates for fuel and water fills and waste pump out
- Manganese bronze shaft couplings
- Anchor locker with overboard drain
- Air conditioning, 58,000 BTU capacity with reverse-cycle heating
- Ventilation fans in attic space
- Cordless portable vacuum with mounting bracket

### **ENGINE ROOM & BILGE**

- Fiberglass rudder shelf bolted to plates in the stringers
- AC fluorescent lights
- Insulation in engine room ceiling for noise mitigation in salon
- DC LED lights
- DC exhaust blower
- Twin diesel, freshwater-cooled main engines with electrically controlled marine gears, neutral interlocks, exhaust silencers, engine hour meters, alternators, fuel filters and seawater strainers
- FM200 fire extinguishing system for engine room; including automatic and manual discharge, with audible and visual discharge signals
- Polyethylene water lines
- Freshwater connection
- Polyethylene water tank
- Pressurized freshwater pump
- Water manifold with centralized shut-off valve for sinks and showers
- AC compressed air system with air line and regulator
- 24-volt DC bilge and sump pumps: three at 3,700 gph, one at 500 gph, with heavy duty float switches and protective guards
- Auxiliary emergency bilge pump, 150 gpm in lazarette
- Bronze chrome-plated ball valves through-bolted in solid fiberglass on all underwater through hull fittings with electrical bonding throughout
- 30-gallon water heater
- Integral fiberglass fuel tank constructed with fire retardant resin and bronze fittings
- Polyethylene sewage holding tank with 24 volt DC sewage pump, plumbed for dockside pump-out with  $\frac{3}{4}$  full display and alarm
- Oil changing system for engines, gears and generator with Hatteras patented quick disconnect
- U.L. Marine-listed fuel filter/water separator, engines & generator
- Sealed shower sumps
- Electric fuel priming pumps for engines
- Powder coated grab rails
- Finished engine room and bilges
- United States Coast Guard type A1 U.L. Marine-listed fuel lines
- Stainless-steel steering tie bar with pivoting self aligning ball joint connection at all cylinder and tie bar connections
- Patented differential steering system for improved control in high speed turns (Patent #7895959B1)
- DC voltmeter in battery panel
- Engine start/stop switches and hour meter
- Rubber deck mat between engines
- Individual sea chests for each engine and genset, high speed sea chest for water makers, air conditioners and raw water pumps
- Centralized drain line with single thru-hull discharge

## **ELECTRICAL SYSTEMS**

- 24 volt banks of heavy-duty, 12 volt marine batteries mounted in fire retardant fiberglass boxes (2)
- Tin coated wiring with insulation, labeled and color coded
- Automatic battery charger
- Automatic battery paralleling system with switch at helm console
- 240 volt, 50 amp, retractable shore cords with over-current protection (2)
- DC LED lights
- Battery control panel with fuses and isolation switches
- AC and DC distribution panels with magnetic circuit breakers
- AC switching panel with source selector switches, volt meter, ammeter, frequency meter, generator start/stop controls, and distribution panel selector switches
- Navigation lights
- Ground fault protection on AC receptacles and AC lighting circuits
- Omni-directional TV antenna
- Two shoreline polarization transformers with boost function

## **FLYBRIDGE**

- Systems monitor display with visual and audible signals for exhaust temperature, alternator, battery voltage, high bilge water, fire warning in engine compartment, fire extinguisher discharge in engine room, AC power loss, smoke and carbon monoxide detectors, and holding tank  $\frac{3}{4}$  full monitor
- Two bench seats with cushions and rod storage underneath
- Freshwater outlet
- Control station with all necessary switches and dimmable lighted instrument panel
- Compass with dimmable light
- Palm Beach style helm with single lever electric controls and steering wheel
- Hydraulic power-assisted steering
- Two adjustable helmchairs
- DC AM/FM stereo receiver with USB dock and speakers
- Fuel gauge
- Top-loading insulated drink box
- Additional storage area beneath helm console
- Powder-coated grab rail

## **COCKPIT**

- 173 square feet including mezzanine seating and cushions
- Polished anodized aluminum ladder to flybridge with acrylic steps
- Transom door
- Step box with storage
- Sliding door to salon
- Stereo speakers with remote keypad for control
- DC LED tri-color overhead lights under flybridge overhang
- DC LED tri-color combing lights
- Molded-in grab rails on cabinside
- Hatch to engine room
- Freshwater & saltwater wash down outlet
- Shore water connection with pressure reducing valve
- Bait and tackle center with drawers
- Bait freezer, 8.0 cubic-foot
- Insulated storage box in mezzanine
- Insulated storage tub
- Two insulated fish boxes with macerator
- Refrigerated drink box in top step of mezzanine
- Lazzaretto access hatch
- Mounting plate for installation of fighting chair
- Stainless steel rod holders (4)
- Transom hawse pipes
- Cockpit scuppers
- Cockpit hatches with gutter drains
- Molded-in transom fish box

## **GALLEY/DINETTE**

- Durable engineered flooring
- Fabric headliner installed on track system
- Dimmable LED lighting
- AC duplex outlet(s) with ground fault protection
- Wood inserts to match interior finish on appliance fascias
- Dinette with storage underneath and teak table with stainless steel pedestal
- Stone countertops with sink and wood storage cabinets
- Microwave/convection oven covered by cabinet door
- Undercounter refrigerators (2) and freezer (1) drawer units
- Four-burner ceramic cooktop
- Garbage disposal
- Island cabinet with two bar stools

**SALON**

- Salon aft entryway durable engineered flooring
- Carpeting
- Fabric headliner with wood accents installed on track system
- Polished stainless steel threshold at salon door
- 40" class LED TV on automated lift
- Entertainment system, surround sound with Blu-ray player and universal remote control
- Icemaker
- Fixed frameless windows with tinted safety glass
- Dimmable LED lighting
- AC duplex outlet(s) with ground fault protection
- L-shaped sofa with rod storage and throw pillows
- HVAC control
- Smoke and carbon monoxide detectors
- USB charging ports

**COMPANIONWAY**

- Carpeting
- Fabric headliner installed on track system
- Fabric covered hullsides and bulkheads installed on track system
- Flush panel doors with door stops to staterooms and heads
- Lighted stairway to salon
- Access hatches to all bilges
- DC LED lighting
- Port & starboard attic with storage, electric panels, and water tank gauge with DC light
- Wainscoting and chair rail
- Washer/dryer

**MASTER STATEROOM**

- Carpeting
- Fabric headliner on track system
- Fabric covered hullsides and bulkheads installed on track system
- Queen-sized berth with upholstered headboard and cedar-lined storage underneath
- Upholstered berth base
- Premium mattress and linens
- Bunk covers, pillows and shams
- Cedar lined closet and automatic light
- Nightstands
- Dresser
- 40" class LED TV
- Entertainment system with Blu-ray player
- Full-length mirror
- Dimmable LED lighting

- DC low-voltage lights under berth
- HVAC control
- AC duplex outlets with ground fault protection
- Private access to head
- Smoke and carbon monoxide detectors
- USB charging ports

**MASTER STATEROOM HEAD**

- Durable engineered flooring
- Fabric headliner installed on track system
- Vinyl wallcovering
- Solid surface countertop, backsplash and sink
- Hardwood baseboards
- Stall shower with door and automatic sump pump
- Storage cabinet with mirror above sink
- Base cabinet to match interior finish with storage
- Towel bar, robe hooks (2), towel ring, tissue holder
- Freshwater toilet
- Recirculating fan
- DC LED lighting
- AC duplex outlets with ground fault protection
- Holding tank  $\frac{3}{4}$  full indicator light

**BOW STATEROOM**

- Carpeting
- Fabric headliner installed on track system
- Fabric covered hullsides and bulkheads installed on track system
- Queen-sized tapered berth with upholstered headboard and cedar-lined storage underneath
- Upholstered berth base
- Premium mattress and linens
- Bunk covers, pillows and shams
- Cedar lined closet with automatic light
- Nightstands
- 32" class LED TV
- DC AM/FM stereo with DVD player, USB port, and speakers
- Full-length mirror
- DC LED lighting
- HVAC control
- AC duplex outlets with ground fault protection
- Private access to head
- Smoke and carbon monoxide detectors
- Screened overhead hatch with privacy cove
- USB charging ports

**PORT AFT STATEROOM**

- Carpeting
- Fabric headliner installed on track system
- Fabric covered hullsides and bulkheads installed on track system
- Lower berth with upper pullman
- Premium mattress and linens
- Bunk covers, pillows and shams
- Cedar-lined hanging locker with automatic light
- Full-length mirror
- 24" class LED TV
- DC AM/FM stereo with DVD player, USB port, and speakers
- DC LED lighting
- HVAC control
- AC duplex outlets with ground fault protection
- Smoke and carbon monoxide detectors
- USB charging ports

**PORT FORWARD STATEROOM**

- Carpeting
- Fabric headliner installed on track system
- Fabric covered hullsides and bulkheads installed on track system
- Lower berth with upper pullman
- Premium mattress and linens
- Bunk covers, pillows and shams
- Cedar-lined closet with automatic light
- Full-length mirror
- DC LED lighting
- Dual cone stereo speaker with remote keypad to port aft stereo
- HVAC control
- AC duplex outlets with ground fault protection
- Smoke and carbon monoxide detectors
- USB charging ports

**BOW & PORT HEADS**

- Durable engineered flooring
- Fabric headliner installed on track system
- Solid surface countertop with sink & backsplash
- Hardwood baseboards
- Shower with automatic sump pump
- Storage cabinet with mirror
- Base cabinet to match interior finish with storage
- Towel bar, robe hooks (2), towel ring, tissue holder
- Freshwater toilet
- Recirculating fan
- DC LED lighting
- AC duplex outlet(s) with ground fault protection
- Holding tank  $\frac{3}{4}$  full indicator

**PROVISIONING ITEMS**

- Braided nylon mooring lines (6)
- Life jackets (8)
- Life ring
- Black fenders (3)
- Prop removal and installation tool
- Portable "drychem" fire extinguishers (4), U.L. approved type in compliance with United States Coast Guard and ABYC standards
- Fog bell

**FOOTNOTES**

- Information in this publication is based on the latest product specifications available at press time. Some line drawings, photos or arrangements may show optional and/or custom equipment. Hatteras reserves the right to make changes at any time, without notice, in the colors, equipment, specifications, materials and price of any model or to discontinue any model. Hatteras is not obligated to make similar changes or modifications to models sold prior to the date of such changes.
- Length Overall does not include optional swim platform or bow pulpit.
- Weight, draft, and freeboard are based on an estimate of model's displacement with largest engines available and all tanks filled. Heights are estimated with largest engines and all tanks empty. Actual figures will vary depending on production tolerances, equipment, supplies and stores on board, as well as operational and sea conditions. Capacities of tanks are estimated to be total capacity of all tanks normally furnished in this model. Usable capacities will vary depending upon conditions.
- Generator is not intended to supply power for all standard and optional accessories simultaneously. Load must be limited to generator output rating.

***TWO STRONG  
CURRENTS COLLIDE  
NEAR CAPE HATTERAS.  
PRIDE AND PERSEVERANCE.***

At Hatteras, we're a product of the storied coastal waters from which we borrow our name. Unforgiving seas where, for hundreds of years, dreams were sacrificed and legends born. So when others say we're obsessed with over-engineering every detail, we know it is simply the right way to build a sportfishing boat. The uncompromising union of inspired design, breakthrough innovation and unmatched craftsmanship. We've been doing it this way for nearly 60 years, but ours is a legend centuries in the making.

Hatteras builds yachts that excel in the toughest conditions, under the premise that conditions should not determine when the yacht is used, only the ambitions of our owners should. That's why we say the Hatteras experience is designed to give you the freedom to pursue a life without limits.

**Hatteras**  
SEVER

HOW FAR ARE YOU WILLING TO GO?  
ONCE YOU CAN ANSWER THAT,  
YOU'LL NEVER ANSWER TO ANYONE.

***WE'RE ALL BORN  
WITH A COMPASS.  
FEW HAVE THE COURAGE  
TO FOLLOW IT.***

When you spend your days on the shores of legendary waters, you're inspired to build a legendary boat. That was the driving force guiding Willis Slane and the original builders that launched Hatteras over a half century ago. These mavericks of the sea dared to envision a different kind of convertible constructed using new methods and materials.

Beginning with the Knit Wits, a 40-foot fiberglass yacht that revolutionized the industry, Hatteras served notice that their yachts would be the standard to which all others were judged – above and below the waterline.

Today, Hatteras continues to guide that mission forward in pursuit of new innovations and performance breakthroughs that are seen throughout the entire GT lineup of tournament-ready convertibles. From the versatile and nimble GT45X to the ultimate bluewater battlewagon, the GT70, Hatteras continues to be the benchmark to which all others aspire.

# ***THE HATTERAS EXPERIENCE.***

Exceed every expectation. It's a blueprint that guides the engineering and construction of our legendary yachts. It's a philosophy that extends to the experience you will discover from our very first consultation. And it's a commitment that ensures every moment aboard a Hatteras reflects your personal vision and passion for adventure.

## ***DISCOVER MORE IN THE DESIGN***

Hatteras involves owners at every stage of the design-build process. This includes an initial consultation at our headquarters in North Carolina to outline your wish list, including technology integration, tournament-style rigging setup, and amenities based on your choice of packages. A dedicated team, led by a seasoned sales associate, will guide you through every step of the planning and construction process.

## ***YOUR VISION IS REALIZED***

From our new Design Center inside Hatteras headquarters, our committed team will work with you to develop an interior plan that fully realizes your vision and reflects your personality. That process begins with selecting major items, like cabinetry, appliances and tile, and continues to furniture, upholstery and bedding. A variety of fixtures, wall coverings and accents will help you create the perfect vessel for tournament fishing or cruising and entertaining — or all of the above. The exterior lines and legendary performance are distinctly Hatteras. Inside, it's all about you.

## ***GREATER COMMITMENT***

Our relationship with our customers doesn't end when the keys are handed over. In fact, it's only the beginning. A multi-day orientation session is offered with each purchase, including the ability to have members of the Hatteras team join you for portions of your maiden voyage. And in the days, weeks and years that follow, you'll have the added peace of mind of direct access to your Hatteras team whenever you need assistance. That commitment is also backed by an industry-leading 2-year Limited Warranty and a 10-Year Structural Warranty.

## ***EXPERIENCE IT FOR YOURSELF***

There is no better way to discover the difference behind the Hatteras brand than by stepping aboard one of the latest models from our fleet. We invite you to join us at one of our exclusive private events, an upcoming industry show or by scheduling a private viewing or sea trial with one of our sales associates. Contact us today to learn how to make the legendary Hatteras experience your very own.
